"I have investigated a variety of nonprofit organizations and discovered those that were continuously conducting exponentially successful and profitable fundraising events, without exception hailed Northwest Software and Auction-Tracker. Time after time, they encounter a seamless and reliable auction software experience. I am proud to exclusively recommend and represent Auction-Tracker to my clients!"

*Ms. Donna Anderson
Donna Anderson Auctions
Los Angeles, CA*

"As an International and State Champion Auctioneer, I am well entrenched in all aspects of the auction industry and want you to know of our relationship with Northwest Software. Northwest Software and their staff run an outstanding organization and we are proud to be affiliated. The functionality, price structure and customer support make them perfect for our clients."

Ms. Renee Jones, CAI
Fantasy Fundraisers
Houston, Texas*

"As a part of my full auction service, I always like to keep non-profits updated with anything that will make a better auction experience. Auction-Tracker is easy to use and allows my auction clients a very effective and efficient way to keep their fundraising auction on track and running smoothly and efficiently from beginning to end. Auction-Tracker is very reliable and has improved not only benefit auction logistics, but allows auction staff and volunteers to concentrate on the crucial function of cultivating guests and donors at the night of the auction."

*Ms. Kathy Kingston
Kingston Auction Company
Hampton, New Hampshire*

"Stokes Auction Group, Inc. and its representatives began formally promoting Auction-Tracker to our customers for managing their fundraising auctions in 2000. Our many experiences with fundraising auction software and with the software developer companies have proven to us that Auction-Tracker is the leader in the fundraising auction software industry. As President and CEO of Stokes Auction Group, Inc., I am glad to endorse Northwest Software and Auction-Tracker."

Mr. Jeff Stokes
Stokes Auction Group, Inc.
Tacoma, Washington*

"I have endorsed Auction-Tracker as the leading Fundraising Auction software for several reasons. It goes without saying that Auction-Tracker is a superior auction management program and is a great asset to any charity who has an annual auction event. Equally important is the courteous and timely support that Northwest Software gives my clients when they need help. Using Auction-Tracker can increase an event's profits and be a tremendous aid in year to year management of a successful fundraising auction."

*Mr. Lance Walker, CAI
Walker Auctions
Memphis, Tennessee*
